CORPORATE GOVERNANCE

Corporate governance is the system by which companies are directed and controlled and involves the distribution of rights and responsibilities among the Board, management and the Company's Members. The Company has established Corporate Governance Guidelines that spell out its overall approach towards corporate governance.

The Company also has a Code of Business Conduct that applies to all directors, officers and employees in carrying out their responsibilities to, and on behalf of, the Company. No waivers of the Code of Business Conduct were requested of, or granted by, the Board for any director or executive officer during 2015.

The Company's Corporate Governance Guidelines and Code of Business Conduct are available at our website, www.whitemountains.com. These documents are available in print, free of charge, to any Member upon request.

The Board

The day-to-day management of the Company, including preparation of financial statements and short-term and long-term strategic planning, is the responsibility of management. The primary responsibility of the Board is to oversee and review management's performance of these functions in order to advance the long-term interests of the Company and its Members.

In fulfilling this responsibility, directors must exercise common sense business judgment and act in what they reasonably believe to be in the best interests of the Company and its Members. Directors are entitled to rely on the honesty and integrity of senior management and the Company's outside advisors and auditors. However, it is the Board's responsibility to establish that they have a reasonable basis for such reliance by ensuring that they have a strong foundation for trusting the integrity, honesty and undivided loyalty of the senior management team upon whom they are relying and the independence and expertise of outside advisors and auditors.

Mr. Barrette serves as Chairman of the Board and as CEO of the Company. The Board believes that the most effective leadership structure for the Company at the present time is for Mr. Barrette to serve in both roles. As CEO, Mr. Barrette is effective at overseeing the complex, decentralized operations of the Company. By virtue of his broad knowledge of the insurance industry and his long experience and track record with the Company, the Board believes Mr. Barrette is best suited to preside over the Board and set its agendas. The Board is comprised of directors that, together, are knowledgeable and experienced in the Company's business, and the Board is satisfied that the current structure provides strong oversight of the Company's affairs.

At meetings of the Board, Morgan W. Davis, the Deputy Chairman, presides over a separate session of non-management directors without Company management present.

Director Independence

The Board has determined that a majority of the Company's current directors are independent, as defined in Section 303A of the New York Stock Exchange ("NYSE") Listed Company Manual. Those directors determined to be independent are Messrs. Brouillette, Davis, Frinquelli, Smith and Tolman and Ms. Holiday. For a director to be independent, the Board must determine that the director has no relationship with the Company (other than being a director or shareholder of the Company or its subsidiaries) or has only immaterial relationships with the Company. The Company does not apply categorical standards as a basis for determining director independence. Accordingly, the Board considers all relevant facts and circumstances, on a case-by-case basis, in making an independence determination.

The Board notes no current relationships (other than being directors or shareholders) with Messrs. Brouillette, Frinquelli, Tolman and Smith or Ms. Holiday. The Board notes a relationship with Mr. Davis, as disclosed herein under "Director Compensation", that it concluded was immaterial and did not impair his independence. In making its independence determinations, the Board considers all such relationships in light of NYSE standards as well as the attributes it believes should be possessed by independent-minded directors. Those attributes include the relative impact of the transactions to the director's personal finances, the perceived degree of dependence by the director or the Company upon the relationship or transactions continuing in the future and whether the transactions were on terms that were reasonable and competitive.

Board Meetings and Committees; Annual Meeting Attendance

During 2015, the following meetings of the Board were held: five meetings of the full Board, eleven meetings of the Audit Committee, seven meetings of the Compensation Committee, two meetings of the Performance Compensation Subcommittee, two meetings of the Nominating and Governance Committee and four meetings of the Finance Committee. During 2015, each director attended more than 75% of the aggregate of: (1) the total number of meetings of the Board (held during the period for which he or she has been a director); and (2) the total number of meetings held by all committees of the Board on which he or she served. It is WTM practice that all directors are invited to and generally attend all Committee meetings. In addition, each Committee Chair provides regular updates to the Board regarding Committee activities.

Directors are encouraged, but are not required, to attend annual meetings. All of the Company's directors were in attendance at the 2015 Annual General Meeting, which was held on May 28, 2015.

Committees of the Board

The Nominating and Governance Committee is currently comprised of Ms. Edith Holiday (as Chairwoman) and Messrs. Brouillette, Davis and Smith. The Board has determined that each current member of the Nominating and Governance Committee satisfies applicable NYSE requirements.

The Nominating and Governance Committee Charter, which outlines the duties and responsibilities of the Nominating and Governance Committee, is available at www.whitemountains.com. The Nominating and Governance Committee Charter is available in print, free of charge, to any Member upon request.

General Criteria and Process for Selection of Director Candidates. In identifying and evaluating director candidates, the Nominating and Governance Committee does not set specific criteria for directors. Under its charter, the Committee is responsible for determining desired Board skills and evaluating attributes such as independence, integrity, expertise, breadth of experience, knowledge about the Company's business or industry and ownership interest in the Company. In selecting director candidates, the Company seeks a diversity of skills and experience, but does not affirmatively seek diversity based on race, gender, or national origin. Directors must be willing to devote adequate time and effort to Board responsibilities. As set forth in the Company's Corporate Governance Guidelines and its Charter, the Committee is responsible for recommending director candidates to the Board.

Consideration of Director Candidates Nominated by Members. The Company has not adopted a specific policy regarding consideration of director candidates from Members. Members who wish to recommend candidates for consideration by the Committee may submit their nominations in writing to the Corporate Secretary at the address provided in this Proxy Statement. The Committee may consider such Member recommendations when it evaluates and recommends candidates to the Board for submission to Members at each annual general meeting. In addition, Members may nominate director candidates for election without consideration by the Committee by complying with the eligibility, advance notice and other provisions of our Bye-laws as described below.

Procedures for Nominating Director Candidates. Under the Company's By-laws, nominations for the election of directors may be made by the Board or by any Member entitled to vote for the election of directors (a "Qualified Member"). A Qualified Member may nominate persons for election as directors only if written notice of such Qualified Member's intent to make such nomination is delivered to the Secretary not later than: (1) with respect to an election to be held at an annual general meeting, 90 days prior to the anniversary date of the immediately preceding annual general meeting or not later than 10 days after notice or public disclosure of the date of the annual general meeting is given or made available to Qualified Members, whichever date is earlier, and (2) with respect to an election to be held at a special general meeting for the election of directors, the close of business on the seventh day following the date on which notice of such meeting is first given to Qualified Members. Each such notice shall set forth: (a) the name and address of the Qualified Member who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the Qualified Member is a holder of record of common shares entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the Qualified Member and each such candidate and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the Qualified Member; (d) such other information regarding each candidate proposed by such Qualified Member as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each such candidate been nominated, or intended to be nominated, by the Board; and (e) the consent of each such candidate to serve as a director of the Company if so elected.

Audit Committee

The primary purposes of the Audit Committee are to: (1) assist with Board oversight of: the integrity of the Company's financial statements; the qualifications and independence of the independent auditors; the performance of the internal audit function and the independent auditors; and the Company's compliance with legal and regulatory requirements; (2) provide an avenue of communication among the independent auditors, management, the internal auditors and the Board; (3) approve certain related or affiliated person transactions and review disclosures thereof and (4) prepare the Audit Committee Report (which appears on page 30). In addition, with respect to risk management, the Committee discusses with management the Company's policies with respect to risk assessment and risk management, including the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures.

The Audit Committee meets individually in private session with the Company's Chief Financial Officer, Chief Actuary, General Counsel, General Auditor and the independent auditors at its quarterly meetings.

The Audit Committee is comprised of Messrs. Smith (as Chairman), Brouillette and Frinquelli and Ms. Holiday. The Board has determined that, of the persons on the Audit Committee, at a minimum Mr. Smith meets the requirements of being an Audit Committee Financial Expert as defined in Item 407(d) of Regulation S-K of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Board has also determined that each current member of the Audit Committee satisfies applicable NYSE requirements as well as the separate independence standards set forth by the SEC.

The Audit Committee Charter, which outlines the duties and responsibilities of the Audit Committee, is available at www.whitemountains.com. The Audit Committee Charter is available in print, free of charge, to any Member upon request.

Compensation Committee

The primary purposes of the Compensation Committee are to: (1) review and make recommendations on director compensation; (2) discharge the Board's responsibilities relating to the compensation of executives; (3) oversee the administration of the Company's compensation plans (and, to the extent the Compensation Committee deems appropriate, the plans of the Company's major subsidiaries), in particular the incentive compensation and equity-based plans and (4) review and discuss the Compensation Discussion and Analysis with management and prepare the Compensation Committee Report (which appears on page 19).

The Compensation Committee is currently comprised of Messrs. Davis (as Chairman), Frinquelli and Smith and Ms. Holiday. The Board has determined that each current member of the Compensation Committee satisfies applicable NYSE requirements.

The Compensation Committee Charter, which outlines the duties and responsibilities of the Compensation Committee, is available at www.whitemountains.com. The Compensation Committee Charter is available in print, free of charge, to any Member upon request.

Performance Compensation Subcommittee

In February 2013, the Compensation Committee formed the Performance Compensation Subcommittee. The Committee delegated to the Subcommittee review and approval of performance-based compensation in order to comply with Internal Revenue Code Section 162(m) ("Section 162(m)").

The Performance Compensation Subcommittee is comprised of Messrs. Smith and Frinquelli and Ms. Holiday.

Interlocks and Insider Participation

No member of the Compensation Committee or the Performance Compensation Subcommittee was an employee of the Registrant during the last fiscal year or has served as an officer of the Registrant.

Finance Committee

The primary purposes of the Finance Committee are to: (1) formulate the Company's (including OneBeacon's) investment policy and investment guidelines; (2) review the performance and asset allocation of the Company's (including OneBeacon's) investment portfolio on a regular basis and (3) monitor the capital, debt, and corporate structure of the Company (including OneBeacon) and, in coordination with the Audit Committee, review the adequacy of risk management, including with respect to new business opportunities outside of traditional property and casualty insurance and reinsurance. The Finance Committee is currently comprised of Messrs. Frinquelli (as Chairman), Barrette, Brouillette and Smith.

Risk Oversight

The Board, directly and through its Committees, plays an active role in the oversight of the Company's risk management. The subject of risk management is a recurring agenda item, for which the Board regularly receives reports from management on capital, investments, and operations, including the risks associated with each and the steps management is taking to manage those risks. The Board also discusses with management the Company's business strategy, risk appetite and appropriate levels of risk.

The Board's committees are assigned oversight responsibility for particular areas of risk. For example, the Audit Committee receives a report, at least annually, on company-wide risks which encompass operational, financial, legal, compliance and reputational risks. The Compensation Committee oversees risk related to executive compensation plans and implementation. The Finance Committee oversees the risks related to managing the Company's investment portfolio.

Shareholder Communications

Members, employees and others interested in communicating directly with the Board, any of the Board's Committees or any individual member of the Board should write to the addressee, c/o the Corporate Secretary, at the address presented under "Available Information" (which appears on page 37).

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Voting Rights of Members

As of April 4, 2016, there were 5,415,862 common shares outstanding. Members of record of common shares shall be entitled to one vote per common share, provided that if, and so long as, the votes conferred by "Controlled" common shares (as defined below) of any person constitute ten percent (10%) or more of the votes conferred by the outstanding common shares of the Company, each outstanding common share comprised in such Controlled common shares shall confer only a fraction of a vote that would otherwise be applicable according to the following formula:

$$[(T \text{ divided by } 10) - 1] \text{ divided by } C$$

Where: "T" is the aggregate number of votes conferred by all the outstanding common shares; and "C" is the number of votes conferred by the Controlled common shares of such person.

"Controlled" common shares in reference to any person means:

- (1) all common shares directly, indirectly, or constructively owned by such person within the meaning of Section 958 of the Internal Revenue Code of 1986, as amended, of the United States; and
- (2) all common shares directly, indirectly, or constructively owned by any person or "group" of persons within the meaning of Section 13(d)(3) of the Exchange Act and the rules and regulations promulgated thereunder; provided that this clause (ii) shall not apply to (a) any person (or any group that includes any person) that has been exempted from the provisions of this clause or (b) any person or group that the Board, by the affirmative vote of at least seventy-five percent (75%) of the entire Board, may exempt from the provisions of this clause.

The limitations set forth above do not apply to any Member which is a "Byrne Entity" (as defined below) for any matter submitted to the vote of Members, except with respect to the election of directors. "Byrne Entity" means any of John J. Byrne, any foundation or trust established by John J. Byrne, Patrick Byrne, and any associate or affiliate of any of them (or any group of which any of them is a part), as defined under Section 13(d) of the United States Securities Exchange Act of 1934, as amended.

If, as a result of giving effect to the foregoing provisions or otherwise, the votes conferred by the Controlled common shares of any person would otherwise represent 10% or more of the votes conferred by all the outstanding common shares, the votes conferred by the Controlled common shares of such person shall be reduced in accordance with the foregoing provisions. Such process shall be repeated until the votes conferred by the Controlled common shares of each person represent less than 10% of the votes conferred by all common shares.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Philosophy

Our executive compensation policies are designed with the primary goal of maximizing shareholder value over long periods of time. We believe that this goal is best pursued by utilizing a pay-for-performance program that closely aligns the financial interests of management with those of our shareholders and encourages appropriate risk taking. We accomplish this by emphasizing variable long-term compensation, the value of which is tied to performance over a number of years rather than entitlements (such as base salary, pensions and employee benefits). To that end, the Compensation Committee (the "Committee") has established base salaries and target annual bonuses for our executives that tend to be lower than those paid by comparable property and casualty insurers and reinsurers, while granting the bulk of an executive's target compensation as long-term incentive compensation.

We generally have structured our long-term incentive compensation as performance shares, restricted shares or performance units. At our parent company, long-term incentive compensation is typically in the form of WTM performance shares and restricted shares, which reward company-wide performance. The number of WTM common shares earned from a grant of performance shares, which can be from 0x to 2x the target number granted, is tied to our after-tax annual growth in intrinsic business value per share (as defined by the Committee) over the performance cycle. The market value of our shares is not included as a measure of performance but it determines the value of performance and restricted share awards. In general, no performance shares are earned if annual growth in intrinsic business value per share is less than the risk-free rate and 200% are earned if performance exceeds the risk-free rate by twice the target spread. We use straight-line interpolation to determine the payout percentage for results in between. Performance shares, restricted shares and/or performance units are typically granted annually, and performance is tied to a three-year period. Under our long-term incentive programs, at any given time an executive usually has three overlapping cycles running. This approach avoids cliffs that could foster a short-term outlook and also serves as an effective retention tool.

In the case of our Chairman & CEO, Mr. Barrette, to induce him to rejoin the Company and to incent him as an owner, in January 2007 he was granted a package of 200,000 out-of-the-money, escalating strike price options and 35,000 restricted shares, each of which vested in annual installments over five years. Mr. Barrette also received a tranche of 15,000 restricted shares that were structured to vest in the event of a change in control prior to January 20, 2012. In 2010, shareholders approved modifications to Mr. Barrette's options, which included fixing the exercise price at \$742 per share and reducing the number to 125,000. In conjunction with those changes, the Compensation Committee amended the vesting terms of the tranche of 15,000 restricted shares so that those shares time vested in three equal annual installments beginning on January 20, 2013. Mr. Barrette currently has options to purchase 125,000 shares exercisable until January 20, 2017. Starting with the 2013-2015 cycle, the Committee began making annual long-term incentive grants to Mr. Barrette.

Generally, the performance target for a 100% payout of performance shares has been set at 700 basis points above the risk-free rate, with the Committee often adjusting the target up or down to reflect prevailing circumstances at the time of grant. To establish the risk-free rate, the Committee typically looks to the yield on the 10-year treasury at the beginning of the performance cycle. For the past five years, to reflect the persistent low interest rate environment and the large amount of our capital that is undeployed, we have set the target at roughly 600 basis points above the risk-free rate.

Following OneBeacon's initial public offering in November 2006, its long-term compensation was structured primarily in the form of OneBeacon performance shares, which reward OneBeacon's overall performance. In 2009, OneBeacon's long-term incentives were re-designed with the CEO and CFO receiving about half in the form of performance units that are tied to underwriting performance and half in OneBeacon performance shares and OneBeacon restricted shares. The number of OneBeacon common shares earned from a performance share grant, which can be from 0x to 2x the target number granted, is tied to OneBeacon's after-tax annual growth in book value per share over the performance cycle. The payout earned from a OneBeacon performance unit grant, which also can be from 0x to 2x the target number granted, is tied to OneBeacon's adjusted economic combined ratio over the performance cycle. Other OneBeacon executives received a greater proportion or all of their long-term incentives in performance units or in long-term cash awards that are tied to the results of OneBeacon's specialty business as a whole and the executive's individual business unit. In 2015, OneBeacon also began denominating a portion of its long-term incentives as OneBeacon restricted shares or restricted share units.

In connection with the agreement to sell Sirius Group, no new long-term incentives were granted to its management for the 2016-2018 performance cycle. However, prior to its sale, its long-term incentive compensation was typically in the form of performance units that rewarded Sirius's group-wide performance. The number of units earned at the end of the performance cycle was tied to those elements of performance for which its management had primary responsibility. As an example, because the parent company kept responsibility for investing Sirius's assets, in calculating performance Sirius Group was credited with a "standard" return on its investible assets. The number of units earned could be from 0x to 2x the target number granted. In addition, for its most senior executives, in order to better align their interests with those of our shareholders, we typically denominated a portion of their long-term incentives in WTM performance shares and/or restricted shares.

Our long-term incentive compensation programs are designed to share with management a portion of the value added above a risk-free return on our shareholders' equity. We take this approach because producing a rate of return equal to a risk-free rate does not add value to the capital owners put in the business—our shareholders would be better off putting their money in U.S. treasuries and avoiding entirely the risk of owning a portion of a business. We have generally targeted sharing 13% to 17%; however, due to the significant reduction in our capital from the repurchase of 30% of our outstanding shares since 2010, we increased the targeted sharing in some recent cycles up to 20%. This year, for the 2016-2018 cycle, we targeted sharing at 14%. The Committee believes that this level of sharing is appropriate because we compete with private equity and hedge funds for talent and investment opportunities where such sharing is common, the Company's value adding opportunities are not limited to the Company's current level of capital, and we want to maintain proper incentives for further share buybacks at value adding prices.

The Committee closely monitors both target and actual value sharing. From year-to-year when we make new long-term incentive grants, we typically adjust the target number of shares granted to individual employees to reflect the Committee's assessment of the per share value of the Company. In addition, we generally limit total annual share grants to employees to less than 1% of the Company's outstanding shares. For both the 2015-2017 and 2016-2018 cycles, we adhered to this guideline.

When making new grants, the Committee assesses the impact of different performance scenarios on the potential sharing percentage. Further, in order to test our beliefs about the size of the awards we make and their variability, annually the Committee has reviewed and considered a systematic analysis prepared by management of the public disclosures about compensation made by other property and casualty insurers and reinsurers and of the amount and variability of compensation at those companies at differing levels of performance. These analyses have supported the Committee's view that our compensation programs are appropriately sized and more variable than most other insurers and reinsurers, have fewer fixed elements of compensation and perquisites, and do not lead to significant rewards for poor performance as can happen with long-term options granted with a fixed exercise price equal to the market price on the date of grant.

The Committee believes that the compensation structures that have been developed for the Company and its subsidiaries closely align the financial interests of management with those of our shareholders and encourage appropriate, but not excessive, risk taking. In the case of Sirius Group prior to our agreement to sell it, given its exposure to catastrophic events, we utilized a catastrophe spreading mechanism with respect to both its performance units and annual bonus. This mechanism ensured that Sirius Group was charged with at least 50% of its expected annual catastrophe losses whether or not any catastrophe losses were actually incurred. Through this mechanism and Sirius Group's management of its aggregate exposure to very large catastrophic events, the Company's management and the Committee believe that Sirius Group's incentive plans were appropriate and did not encourage excessive risk taking.

Our Compensation Process

The Committee is responsible for approving our compensation practices that affect executive officers, and it specifically approves all compensation for our executive officers and for any employee with target annual compensation in excess of \$1.5 million. Our CEO annually presents the Committee with his evaluation of our executives, their individual performances, responsibilities, and the contributions they made to the Company's accomplishments over the past year, as well as over the last long-term incentive plan cycle and his expectations for the future and succession plans. In connection with this evaluation, the CEO presents the Committee with his recommendations for establishing the compensation for these executives for its consideration. The Committee assesses the performance, responsibilities, and contributions of the CEO, considers CEO succession plans, and sets the compensation of the CEO.

With the exception of significant promotions and new hires, compensation matters are usually addressed at the first meeting of the Committee each year (typically late February) following the availability of financial results for the prior year and the current year's financial plan. This allows us to determine the results of prior period grants and to set targets for the current year and newest long-term performance cycle. Performance cycles for long-term compensation typically run for three years beginning on January 1st of the year of grant.

Because Mr. Davis, the Chairman of the Committee, does not satisfy certain requirements of Section 162(m) to be considered an "outside director" for purposes of that rule, the Committee formed the Performance Compensation Subcommittee (the "Subcommittee") comprised of the other members of the Committee, each of whom met the requirements to be considered an outside director for purposes of Section 162(m). The Subcommittee administers and approves all performance-based compensation awards in order to maintain favorable tax treatment of such awards.

Following the OneBeacon initial public offering (the "OB IPO") in November 2006, the Committee determined that it would fully delegate to the OneBeacon Compensation Committee (the "OneBeacon Committee") authority for the compensation of OneBeacon's officers, including those who might be Named Executive Officers of the Company. Accordingly, compensation actions for OneBeacon personnel following the date of the OB IPO (including new annual and long-term incentives and approval of payouts on existing annual and long-term incentives) have been taken by the OneBeacon Committee (which is currently comprised of Lowndes Smith (Chair), Lois Grady and Kent Urness, who are independent directors of OneBeacon, and Mr. Barrette) and, to the extent necessary to comply with applicable regulations, a subcommittee that excludes Mr. Barrette.

Compensation for 2015

The principal elements of compensation for our executives are long-term incentive compensation, base salary, and annual incentive bonuses.

Long-Term Incentive Compensation

For the CEO and each Named Executive Officer recipient of a WTM performance share grant for the 2015-2017 performance cycle, the Committee established 8% annual growth in intrinsic business value per share as the performance target that would result in a payout of 100% of the target shares. Annual growth of 2% or less would result in a payout of 0% and annual growth of 14% or more would result in a payout of 200%. The targets were consistent with the Company's compensation philosophy described above as the yield on the 10-year treasury at the beginning of 2015 was approximately 2%. To measure growth in intrinsic business value per share, the Committee looks to growth in economic value per share (weighted 50%) and growth in adjusted GAAP book value per share (weighted 50%), in each case including dividends.

In total, the WTM performance share and restricted share grants made to all employees of the Company for the 2015-2017 performance cycle was approximately 0.9% of the then outstanding shares, within the Committee's 1% guideline.

In addition, with respect to the 2013-2015 performance cycle which matured at the end of 2015, 8% annual growth in intrinsic business value per share ("GIBVPS") was the performance target for a payout of 100% of the target shares. Annual growth of 2% or less would have resulted in a payout of 0% and annual growth of 14% or more would have resulted in a payout of 200%. At its meeting in February 2016, based on an average annual GIBVPS of 10.4% (including the effect of the sales of Sirius and Symetra), the Committee confirmed that the payout that was earned was 140% of target, subject to the closing of the Sirius sale.

CEO. Mr. Barrette is the Chairman and CEO of the Company. For the 2013-2015 cycle, Mr. Barrette had been granted 12,000 target performance shares. Based on the Company's performance over the cycle, he earned 16,800 performance shares.

After reviewing Mr. Barrette's historical compensation, his share ownership, his existing incentives, and compensation granted to CEOs at other property and casualty (re)insurance companies, the Subcommittee determined to grant him 10,000 performance shares for the 2015-2017 performance cycle. The grant date market value was approximately \$6.6 million. The number of performance shares that will be earned will be determined after the end of 2017 based on the Company's performance over the cycle compared to the target described above. The Committee believes that an annual long-term incentive grant to Mr. Barrette is the appropriate way to secure his continued employment with the Company and to reward him for performance going forward.

Named Executive Officers. In the case of Messrs. Foy, Campbell, Seelig and Waters, in determining the amount of new long-term incentive compensation grants for 2015, the Committee assessed each executive's scope of authority and ability to impact the success of the Company. Based on the Committee's general experience and the recommendation of the CEO, the Committee established a grant level that it believed was appropriate to reflect each such executive's expected contribution to the Company over the next performance cycle.

David Foy. Mr. Foy has been the CFO of the Company since 2003. For the 2013-2015 cycle, Mr. Foy had been granted 3,375 target performance shares and 3,375 restricted shares. Based on the Company's performance over the cycle, he earned 4,725 performance shares. The restricted shares vested on January 1, 2016.

For the performance cycle from 2015-2017, Mr. Foy was granted 3,000 WTM performance shares and 3,000 restricted shares. The grant date market value was approximately \$4.0 million. The number of performance shares that will be earned will be determined after the end of 2017 based on the Company's performance over the cycle compared to the target described above. The restricted shares will vest on January 1, 2018, subject to Mr. Foy's continued employment.

Reid T. Campbell. Mr. Campbell is a Managing Director of White Mountains Capital and the President of White Mountains Advisors. He joined the Company in 1994. For the 2013-2015 cycle, Mr. Campbell had been granted 2,250 target performance shares and 2,250 restricted shares. Based on the Company's performance over the cycle, he earned 3,150 performance shares. The restricted shares vested on January 1, 2016.

For the performance cycle from 2015-2017, Mr. Campbell was granted 2,500 WTM performance shares and 2,500 restricted shares. The grant date market value was approximately \$3.3 million. The number of performance shares that will be earned will be determined after the end of 2017 based on the Company's performance over the cycle compared to the target described above. The restricted shares will vest on January 1, 2018, subject to Mr. Campbell's continued employment.

Robert L. Seelig. Mr. Seelig is a Managing Director and General Counsel of the Company. He joined the Company in 2002. For the 2013-2015 cycle, Mr. Seelig had been granted 2,250 target performance shares and 2,250 restricted shares. Based on the Company's performance over the cycle, he earned 3,150 performance shares. The restricted shares vested on January 1, 2016.

For the performance cycle from 2015-2017, Mr. Seelig was granted a total of 2,500 WTM performance shares and 2,500 restricted shares. The total grant date market value was approximately \$3.3 million. The number of performance shares that will be earned will be determined after the end of 2017 based on the Company's performance over the cycle compared to the target described above. The restricted shares will vest on January 1, 2018, subject to Mr. Seelig's continued employment.

Allan Waters. Mr. Waters has been the CEO of Sirius Group since 2007. In addition, from time to time Mr. Waters takes on responsibility for certain projects at the Company. For the 2013-2015 cycle, Mr. Waters had been granted 1,335 target performance shares and 1,335 restricted shares. Based on the Company's performance over the cycle, he earned 1,869 performance shares. The restricted shares vested on January 1, 2016. Based on Sirius Group's performance for the 2013-2015 performance cycle, which was an annualized after-tax, levered underwriting return on deployed capital ("UROC") of 10%, Mr. Waters received a payout of 144.9% of the Sirius Group units granted to him at a value of \$1,448 per unit, which equaled approximately \$5.5 million.

For the performance cycle from 2015-2017, Mr. Waters was granted 2,638 Sirius Group performance units, 1,200 WTM performance shares and 1,200 restricted shares. The grant date value was approximately \$5.1 million. Under the terms of the purchase agreement relating to the sale of Sirius, Mr. Waters's long-term incentives will remain outstanding and continue to vest. The restricted shares will vest on January 1, 2018, subject to Mr. Waters's continued employment at Sirius Group. The performance target for the Sirius Group units is an annual 10% UROC, with a UROC of 3% or less resulting on no payout and a UROC of 17% or more resulting in a 200% payout. The number of performance shares and units that will be earned will be determined after the end of 2017 based, respectively, on the Company's and Sirius Group's performance over the cycle compared to the targets described above.

Base Salary

We pay our executive officers salaries that we believe to be below-market. In 2008, we limited base salaries to a maximum of \$500,000. Each of our Named Executive Officers currently receives a salary of \$500,000.

Annual Incentive Bonuses

We provide annual bonus opportunities to our executive officers. Each Named Executive Officer participates in the annual bonus pool of his respective business unit. The aggregate bonus pool size for each business unit could range from 0% to 200% of target, depending upon performance. Individual bonuses can vary widely around the pool average based on individual performance and no cap (other than the size of the pool) applies to any single individual. Typically, the head of a business unit receives the average bonus percentage applicable to his business unit.

For 2015, the Named Executive Officers at the WTM level (Messrs. Barrette, Foy, Campbell and Seelig) had target annual bonuses of 75% of salary, which was unchanged from the prior year.

For Messrs. Barrette, Foy, Campbell and Seelig, their annual incentive bonuses are designed to reward company-wide performance. Based on the Company's performance in 2015 (including the effect of the sales of Sirius and Symetra), the Committee awarded a bonus pool of 200% of target taking into account the Company's 18.5% growth in adjusted book value per share, 18.1% growth in economic value per share, and other items deemed relevant in the judgment of the Committee. Among the items considered by the Committee were the Company's sales of Sirius and Symetra, investment performance, results at Sirius and OneBeacon, the continued progress at BAM/HG Global and the closing of three new insurance services deals and a number of follow-on acquisitions. Messrs. Barrette, Foy, Campbell and Seelig were awarded bonuses of \$750,000, \$750,000, \$850,000 and \$750,000, which represented 200%, 200%, 227% and 200% of target, subject to the closing of the Sirius sale.

For our operating subsidiaries (including for our Named Executive Officers at operating subsidiaries), we design our annual incentives to reward performance of the applicable subsidiary operating group. Mr. Waters, who participates in the Sirius Group bonus pool, has an annual bonus target equal to 50% of base salary.

For Sirius Group, including for Mr. Waters, the performance objective was the UROC. Based on a UROC of 10.5% compared to the target of 10%, the indicated bonus pool was 107% of target. The Committee awarded a bonus pool of 107% of target. As CEO, Mr. Waters received the base bonus pool percentage of 107%, or \$267,857.

2016 Compensation Actions

New Long-term Incentive Grants and Annual Bonus Targets

In February 2016, the Committee and the Subcommittee made new long-term incentive grants to and established annual bonus target levels for the Named Executive Officers other than Mr. Waters (as a result of the agreement to sell Sirius Group) based on the same factors described above with respect to grants made in 2015.

The new long-term incentive grants for White Mountains executives (other than Mr. Barrette and operating company executives) were allocated 50% as performance shares and 50% as restricted shares, which was the same allocation as in 2015. Mr. Barrette's long-term incentive grant was made 100% as restricted shares.

The key job for the Company's management team going forward is to appropriately deploy the proceeds from the sales of Sirius and Symetra while remaining patient. In light of this, the Committee believes grading management's performance will be best done using judgment at the end of the cycle rather than setting a fixed performance scale now that may or may not produce equitable results in hindsight. Accordingly, for each Named Executive Officer recipient of a WTM performance share grant for the 2016-2018 performance cycle, the Committee elected not to set specific performance targets. Instead, at the end of the cycle, the Committee will use its judgment to evaluate management's performance by taking into account all facts the Committee deems relevant including the Company's growth in intrinsic business value per share to determine the payout of the performance shares on a 0%-200% scale. The Committee considered many other approaches, including making grants in this cycle entirely in restricted shares, but decided that the chosen approach best fit the unique circumstances of the Company.

Clawback Policy

The Company has adopted a clawback policy applicable to bonuses and long-term incentive awards. If the Company is required to restate any financial statement included in an SEC filing as a result of an employee's misconduct, the Board may, without prejudice to any other remedies available to the Company, seek reimbursement of any bonus or long-term incentive award received by such person that relates in whole or in part to any period for which such financial statements were restated. If the misconduct was fraud, then in addition to other actions, the Board mandatorily will seek such reimbursement.

Other Elements of Compensation

Retirement Benefits

We have no active U.S. defined benefit pension plans. Benefit accruals under all our U.S. qualified defined benefit pension plans and all our U.S. supplemental defined benefit pension plans were frozen for all employees in 2002.

Our Named Executive Officers who are not employees of Bermuda-domiciled entities may participate in our voluntary non-qualified deferred compensation plans whereby they may defer all or a portion of their compensation. Investment options in these plans are those available in our 401(k) plans, including White Mountains common shares and OneBeacon common shares. None of the investment options offered under these plans provides an above-market rate of interest.

Our employees may participate in our qualified 401(k) plans and eligible employees can participate in a qualified employee stock ownership plan. We do not provide supplemental retirement benefits to any employees in connection with these plans.

Perquisites

We review the perquisites that our senior management receives. The primary perquisites include housing allowances in special circumstances and personal use of corporate aircraft.

We allow our Named Executive Officers to use our corporate aircraft from time to time for personal reasons. The aggregate incremental cost to the Company is included, for proxy reporting purposes, as compensation to the Named Executive Officer. For tax purposes, we comply with IRS regulations. We do not “gross-up” our Named Executive Officers for their taxes associated with perquisites, including with respect to personal use of our aircraft.

Our Named Executive Officers also participate in our other benefit plans on the same terms as our other employees. These plans include medical and health insurance, company paid life insurance and charitable gift matching.

Certain Board Fees

Our Named Executive Officers do not receive director fees for serving on the Company's board of directors or for serving on the boards of directors of our wholly-owned or majority-owned subsidiaries. However, those Named Executive Officers who serve on the boards of directors of other companies in which we have a minority interest may receive director fees. We consider those board fees when evaluating the compensation of our Named Executive Officers.

Employment and Severance Agreements; Change in Control

In connection with the sale of Sirius Group, the buyer required that Mr. Waters enter into an employment agreement with Sirius Group in order to ensure his ongoing employment following the closing of the transaction. However, were the sale not to have been consummated, the employment agreement would have been null and void ab initio.

Other than the employment agreement with Mr. Waters described above, we have no long-term employment agreements with our Named Executive Officers although, from time to time, we have entered into short-term arrangements with newly hired executives governing their compensation and severance during up to their first three years with the Company. No such arrangements are in effect with any Named Executive Officers other than Mr. Waters.

At our parent company, severance benefits, if any, are determined by the Committee in its sole discretion. At our operating subsidiaries, our Named Executive Officers participate in the severance plans, if any, generally applicable at those companies.

If any of our most senior executives were to retire, in order to enable the Company to ensure a smooth transition, to receive a non-compete/non-solicit from the executive and to retain access to valuable knowledge, talents and relationships, we generally will consider entering into a one to three year consulting agreement with the executive, which would permit the executive to earn some or all of such executive's long-term incentive compensation then outstanding.

We have no standalone change in control agreements with our Named Executive Officers. However, under our long-term incentive plans, if a change in control of the Company (or a business unit, as applicable) were to occur, certain events, such as involuntary or constructive employment termination or amendments to our incentive plans which are materially adverse to its participants, may cause stock options to become fully exercisable, restricted shares to become immediately vested and performance shares and performance units to become payable in full or in part. Our plans do not provide for tax gross-ups for excess parachute payments that may result from a change in control.

Tax Considerations

As a Bermuda-domiciled company, we do not receive a tax deduction for compensation paid to employees of White Mountains Insurance Group, Ltd. and, accordingly, the limitation of Section 162(m) does not impact compensation paid to our Named Executive Officers who are employees of non-U.S. companies (Messrs. Barrette, Foy, Seelig and Waters). However, in the case of Named Executive Officers who are employees of subsidiaries that are organized in the United States (Mr. Campbell), Section 162(m) limits the deductibility of their compensation to \$1,000,000 per individual to the extent that such compensation is not "performance-based" as defined in Section 162(m). The Company is cognizant of Section 162(m) and generally seeks to structure its long-term incentive programs to permit the deductibility of the bulk of such compensation paid to these Named Executive Officers. However, the Committee may approve compensation that will not meet the Section 162(m) requirements if, in the Committee's judgment, structuring compensation in such manner better promotes the Company's interests (such as with a grant of restricted shares and in the case of the grant of the 2016-2018 performance share cycle).

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (b) Messrs. Barrette, Foy, Waters, Campbell and Seelig were granted WTM performance shares for the 2015-2017 performance cycle. Growth in WTM’s intrinsic business value per share of 2% or less (Threshold) would result in no payout. Growth in intrinsic business value per share of 8% would result in a target payout of 100%. Nonqualified Deferred Compensation

The Named Executive Officers do not participate in any nonqualified deferred compensation plans sponsored by White Mountains in 2015.

Potential Payments Upon Termination or Change in Control

Employment and Severance Agreements

In connection with the sale of Sirius Group, the buyer required that Mr. Waters enter into an employment agreement with Sirius Group in order to ensure his ongoing employment following the closing of the transaction. However, were the sale not to have been consummated, the employment agreement would have been null and void ab initio.

Other than the employment agreement with Mr. Waters described above, we have no employment agreements with our Named Executive Officers although from time to time we have entered into short-term arrangements with newly hired executives governing their compensation and severance for a period of up to their first three years with the Company.

Long-Term Incentive Plans

Under our long-term incentive plans, certain events, such as retirement, death or disability, or the occurrence of both a change in control of the Company (or a business unit, as applicable) and an involuntary or constructive employment termination or materially adverse amendments to such plans, WTM restricted shares becoming vested and performance shares and performance units becoming payable in full or in part. Below is a description of the payments to which each of our Named Executive Officers would be entitled assuming in each case that such events occurred on December 31, 2015.

Voluntary Termination of Employment

Had any of our Named Executive Officers voluntarily terminated their employment on December 31, 2015, their unvested long-term incentive grants would have been cancelled and payments, if any, in respect of those cancelled grants would be made at the sole discretion of the Compensation Committee.

Involuntary Termination of Employment

Had any of our other Named Executive Officers been terminated without cause on December 31, 2015, their outstanding long-term incentive grants would have been cancelled and payments, if any, in respect of those cancelled grants would be made at the sole discretion of the Compensation Committee.

Retirement

Had any of our Named Executive Officers retired on December 31, 2015, their unvested long-term incentive grants would have been cancelled and payments, if any, in respect of those cancelled grants would be made at the sole discretion of the Compensation Committee.

Death or Disability

Had any of our Named Executive Officers died or become disabled on December 31, 2015, they would have been entitled to pro rata vesting of their performance shares, full vesting of their restricted shares and pro rata vesting of their performance units. Under this scenario, Messrs. Barrette, Foy, Waters, Campbell and Seelig would have been entitled to receive \$19,923,813, \$12,451,626, \$14,538,215, \$9,089,462 and \$8,937,793, respectively.

For purposes of computing the amounts above, performance shares were valued at the December 31, 2015 common share closing market price (\$726.81) including dividends since grant. Restricted shares were valued at the December 31, 2015 common share closing market price. Sirius Group performance units were valued at actual value as of December 31, 2015. The WTM performance shares would vest pro-rated for time and at 100% of target; provided, that in the case of the 2013-2015, values are shown at actual performance of 140%. The Sirius Group performance units, including the 2013-2015 performance cycle, would vest pro-rated for time and Sirius Group's actual performance through the end of 2015.

Change in Control

Had both a change in control of the Company (or a business unit, as applicable) and an involuntary termination, constructive termination or materially adverse amendments to our long-term incentive plans occurred on December 31, 2015, our Named Executive Officers would have been entitled to full vesting of their performance shares at up to 200% of target, full vesting of their restricted shares and pro rata vesting of their performance units at up to 200% of target (and at not less than target). Under this scenario, Messrs. Barrette, Foy, Waters, Campbell and Seelig would have been entitled to receive up to \$47,741,055, \$20,479,781, \$17,525,637, \$15,290,510 and \$15,017,456, respectively.

For purposes of computing the amounts above, performance shares were valued at the December 31, 2015 common share closing market price (\$726.81) including dividends since grant. Restricted shares were valued at the December 31, 2015 common share closing market price. Sirius Group performance units were valued at actual value as of September 30, 2015. The WTM performance shares, including the 2013-2015 performance cycle, were shown at 200% of target. The Sirius Group performance units, including the 2013-2015 performance cycle, would vest pro-rated for time and at actual performance through September 30, 2015 (but at not less than 100%).

Our long-term incentive plans do not provide for tax gross-ups for excess parachute payments that may result from a change in control.

Mr. John Gillespie, the founder and Managing Member of Prospector, retired from the WTM Board of Directors in May 2015. Until June 2015, Prospector served as a discretionary adviser with respect to specified assets, primarily common equity securities and convertible fixed maturity investments, managed directly or through WM Advisors on behalf of White Mountains and other clients of WM Advisors. At that time, the investment management agreements between WM Advisors and Prospector and OneBeacon and Prospector and the Consulting Agreement described below were terminated.

Pursuant to investment management agreements with WM Advisors and OneBeacon, Prospector charged WM Advisors and OneBeacon fees based on the following schedule: 100 basis points on the first \$200 million of assets under management; 50 basis points on the next \$200 million; and 25 basis points on amounts over \$400 million. Under these agreements, Prospector earned \$2.1 million from White Mountains and OneBeacon in total fees in 2015. Prospector also had a separate investment management agreement with Symetra that was terminated in the fourth quarter of 2015.

Prospector also advised White Mountains on matters including capital management, asset allocation, private equity investments and mergers and acquisitions. Pursuant to a Consulting Agreement for those services, Prospector was granted 6,250 performance shares for the 2014-2016 cycle and 7,000 performance shares for the 2013-2015 cycle. Under the terms of the Consulting Agreement, Prospector earned a prorated portion of the outstanding performance share grants at the time of the termination of the Consulting Agreement and was paid \$5.5 million in respect thereof.

Pursuant to a pre-existing revenue sharing agreement, Prospector paid White Mountains 6% of the annual revenues in excess of \$500,000 of certain of Prospector's funds in return for White Mountains having made a founding investment in 1997. During 2015, White Mountains did not earn any fees under this revenue sharing agreement. The agreement terminated in June 2015.

For the year ended December 31, 2015, White Mountains and OneBeacon incurred \$0.4 million in management fees and \$0.1 million in incentive fees, respectively, related to investments made in limited partnerships managed by Prospector.

On September 17, 2015, the Company repurchased 26,300 WTM common shares for \$761.50, the market price at the time the agreement was reached.

On September 16, 2015, the Company repurchased 1,900 WTM common shares from Mr. Reid Campbell, President of White Mountains Advisors, for \$761.50, the closing market price on such date.

Review, Approval or Ratification of Transactions with Related Persons

The Company's Audit Committee Charter states that the Audit Committee shall approve any related or affiliated person transactions and review disclosures thereof. In determining whether to approve or reject a related person transaction, the Audit Committee takes into account, among other factors it deems appropriate, whether the proposed transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related persons' economic interest in the transaction. For purposes of Audit Committee approval, a related person transaction is defined as any transaction that is required to be reported under Item 404 of SEC Regulation S-K.

During 2015, the Audit Committee approved all Transactions with Related Persons occurring since the beginning of the Company's calendar year.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2015 with respect to the common shares that may be issued under White Mountains's existing incentive compensation plans. Performance shares awarded under the WTM Incentive Plan are typically paid in cash, though they may be paid in the Company's common shares at the election of the Board or a Committee of the Board. For that reason, these plans are listed in the Equity Compensation Plan Table below. Grants of phantom performance shares made under subsidiary incentive plans (which are payable in cash) and grants made under the OneBeacon Incentive Plan (which are payable in OneBeacon common shares) are excluded from this table.

Plan category	(1) Number of securities that may be issued upon exercise or vesting of outstanding options, warrants and rights at target	(2) Weighted average exercise price of outstanding options, warrants and rights	(3) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (1))
Equity compensation plans approved by security holders - WTM Incentive Plan:			848,168 (a)
Performance shares	106,880 (b)	\$ 0	

- (a) Under NYSE rules, common shares remain available for issuance when the Company pays cash or establishes deferred compensation balances in the settlement of its performance share obligations (which is typically the case) rather than issuing common shares. However, the Compensation Committee has taken a more conservative approach by counting the number of shares granted at "target" against an inventory available for grant. Under the Company's approach, as of April 4, 2016, 124,964 common shares remained available for grant at target under the WTM Incentive Plan, which could result in up to 249,928 common shares being issued.
- (b) Represents the target amount of WTM performance shares. The number of WTM common shares earned could be 0x to 2x the target number granted and, although typically in cash, may be paid in WTM common shares at the discretion of the Compensation Committee.

AUDIT COMMITTEE REPORT

In connection with the audit of the Company's financial statements for the year ended December 31, 2015, the Audit Committee has: (1) reviewed and discussed with management and PwC the Company's audited financial statements for the year ended December 31, 2015, management's assessment of the effectiveness of the Company's internal control over financial reporting and PwC's audit of the Company's internal control over financial reporting; (2) reviewed and discussed with PwC the matters required by Statement of Auditing Standards No. 61, as amended; and (3) received the written disclosures and the letter from PwC required by the applicable Public Company Accounting Oversight Board rules and discussed with PwC their independence.

Based on these reviews and discussions, the Audit Committee determined that the non-audit fees billed by PwC for services performed in 2015 and 2014 (as presented herein) are compatible with maintaining their independence. Further, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for filing with the SEC and for presentation to the Members at the 2016 Annual Meeting.

Management is responsible for the preparation, presentation and integrity of the Company's consolidated financial statements as well as for establishing and maintaining adequate internal control over financial reporting. The Company's independent registered public accounting firm, PwC, is responsible for expressing its opinion on the conformity of the Company's audited financial statements with Generally Accepted Accounting Principles ("GAAP"). In addition, PwC is responsible for expressing its opinion on the effectiveness of the Company's internal control over financial reporting. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with GAAP; that, as described above, is the responsibility of management and PwC. In giving its recommendation to the Board, the Audit Committee has relied on (1) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with GAAP and (2) the reports of PwC with respect to such financial statements.

The Audit Committee has established a Charter which outlines its primary duties and responsibilities. The Audit Committee Charter, which has been approved by the Board, is reviewed at least annually, is updated as necessary and is available for viewing at www.whitemountains.com.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

The Audit Committee, pursuant to its policy, pre-approves the scope and fees for all services performed by PwC. Annually, the Audit Committee receives and pre-approves a written report from PwC describing the elements expected to be performed in the course of its audit of the Company's financials. All other audit, audit-related and non-audit-related services rendered by PwC also require pre-approval, which may be granted in accordance with the provisions of the policy either (a) at a meeting of the full Audit Committee, (b) on an interim basis by the Chairman of the Audit Committee, provided that the requested services are not expressly prohibited and are ratified by the full Audit Committee at its next regularly scheduled meeting, or (c) on a per-project basis through specific compliance with pre-approved definitions of services that do not exceed per-project limits established by the Audit Committee, provided that any such services are authorized by the Company's General Auditor or his/her designee and that the General Auditor makes a full report of all services pre-approved per the policy at the next regularly scheduled Committee meeting.

It is the intent of the policy to assure that PwC's performance of audit, audit-related and non-audit-related services are consistent with all applicable rules on auditor independence. As such, services expressly prohibited by the Audit Committee under its policy include bookkeeping or other services related to the accounting records or financial statements of the Company or its subsidiaries; financial information systems design and implementation; appraisal and valuation services; fairness opinions; contribution-in-kind reports; certain actuarial services; internal audit outsourcing services; management functions; human resources; broker-dealer, investment advisor or investment banking services; legal services; and expert services unrelated to the audit. All services performed by PwC during 2015 and 2014 were pre-approved in accordance with the policy described above.

The services performed by PwC in 2015 and 2014 are described below. PwC does not provide any services to the Company prohibited under applicable laws and regulations, such as financial information systems design and implementation. From time to time, PwC may perform permissible consulting services for the Company, provided they have been pre-approved in accordance with the policy described above. To the extent consulting services are provided by PwC, they are closely monitored and controlled by both management and the Audit Committee to ensure that their nature and extent do not interfere with the independence of PwC. The independence of PwC is also considered annually by the Audit Committee.

The following table sets forth the approximate aggregate fees billed by PwC for professional services provided in 2015 and 2014:

	2015 ^(e)	2014 ^(e)

Tax Fees ^(c)	657,726	1,790,801
All Other Fees ^(d)	159,319	41,164

(a) The fees in this category were for professional services rendered in connection with (1) the audits of the Company's annual financial statements, including the Company's internal control over financial reporting, included in the Company's Annual Report on Form 10-K, (2) the review of the Company's quarterly financial statements included in its Quarterly Reports on Form 10-Q, (3) audits of the Company's subsidiaries that are required by statute or regulation, and (4) services that generally only the Company's independent registered public accounting firm reasonably can provide, such as comfort letters and consents.

PROPOSAL 8

AMENDMENTS TO THE COMPANY'S BYE-LAWS 48 AND 81: THE ADOPTION OF MAJORITY VOTING IN UNCONTESTED DIRECTOR ELECTIONS

Proposal 8 calls for the amendment of the Company's Bye-law 48 to incorporate majority voting in uncontested Director elections. Under the existing Bye-laws, nominees receiving the highest number of votes up to the number of Directors to be elected, join the Board. In theory, a nominee could be elected even if he or she received a very small number of votes. The amendment provides that, if a Director nominee in an uncontested election receives more votes 'against' than votes 'for' his or her appointment, the Director would be required to submit his or her resignation to the Board. The Board would then accept or decline the resignation, and if it declined, would publicly disclose its rationale for doing so. The Board believes the amendment benefits shareholders by strengthening their role in the governance of the Company. Proposal 8 also calls for a technical amendment of Bye-law 81 to reflect the renumbering of subclauses in amended Bye-law 48.

The form of Bye-law 48 "Voting at Meetings" as proposed to be amended follows:

1. Unless a different number is otherwise expressly required by statute (without modification of these Bye-laws) or these Bye-laws, every act or decision (including any act or resolution regarding any amalgamation, scheme of arrangement, merger, consolidation or sale or transfer of assets that has been approved by the affirmative vote of at least two-thirds of the entire Board) done or made by a majority of the voting power held by the Members present in person or by proxy at a meeting duly held, at which a quorum is present, shall be regarded as the act or resolution of the Members.
2. At any election of Directors, each Director shall be elected by a majority of the votes cast with respect to that Director's election, provided, however, that (i) in a contested director election in which the number of nominees exceeds the number of Directors to be elected, the nominees receiving the highest number of votes, up to the number of Directors to be elected, shall be elected (a "Plurality Vote"); and (ii) in an uncontested election, any nominee for Director who receives less than a majority of the votes cast with respect to that nominee's election but whose resignation is declined in accordance with this Bye-law shall have been elected by a Plurality Vote. For purposes of this Bye-Law, a majority of the votes cast with respect to a Director's election shall mean that the number of votes cast "for" a Director's election exceeds the number of votes cast "against" that Director's election (with "abstentions", "withholds" and "broker non-votes" and other comparable absences of expression of a Member's intentions not being counted as a vote cast either "for" or "against" that Director's election). If a nominee for Director receives less than a majority of the votes cast in an uncontested election, such Director shall tender his or her resignation to the Board, whereupon the Board shall, within ninety (90) days after the receipt thereof, either (i) accept the resignation of such Director, and determine a date on which such resignation will take effect within ninety (90) days of the date of such decision and make public the effective date of such resignation, or (ii) upon the vote of at least a majority of the Board (excluding any such resigning Director(s)), decline to accept such resignation and, not later than five business days thereof, make public, together with a summary of the analysis used in reaching the conclusion, the specific reasons why the Board chose not to accept the resignation and believes that decision was in the best interest of the Company.
3. No Member shall be entitled to vote at any general meeting unless he or she is a Member on the record date for such meeting.

4. No objection shall be raised to the qualification of any voter except at the general meeting or adjourned general meeting at which the vote objected to is given or tendered and every vote not disallowed at such general meeting shall be valid for all purposes. Any such objection made in due time shall be referred to the Chairman of the general meeting whose decision shall be final and conclusive. Notwithstanding the foregoing, however, the Chairman of the general meeting may, in his discretion, whether or not an objection has been raised, and if the Chairman considers that such action is necessary to determine accurately the vote count, defer until after the conclusion of the general meeting a decision as to the proper application of Bye-law 47 to any vote at such meeting. If the decision has been so deferred, then the Chairman of the general meeting or, failing such decision within ninety (90) days of the general meeting, the Board, shall make such decision and such decision shall be final and conclusive.

The form of Bye-law 81, "Alteration of Bye-laws" as proposed to be amended follows:

No Bye-law shall be rescinded, altered or amended and no new Bye-law shall be made until the same has been approved both by a resolution of the Board and by a resolution of the Members, provided that, if under applicable law, action by the Board would be sufficient to amend a Bye-law (in the absence of this sentence), then only a resolution of the Board shall be required to amend such Bye-law.

Notwithstanding any other provision of these Bye-laws, the affirmative vote of the holders of at least seventy-five percent (75%) of the voting power of the shares entitled to vote at an election of directors shall be required to amend, alter, change or repeal, or adopt any provision inconsistent with the purpose or intent of, Bye-laws 10(2), 11, 15, 34, 41, 47, 48(4), 54, 55 and 81. In addition, the affirmative vote set forth in Bye-law 80(4) shall be required to amend, alter, change or repeal, or adopt any provision inconsistent with the purpose or intent of, Bye-law 80. In addition, the consent of a majority of the shares held by the Byrne Entities shall be required to amend, alter, change or repeal, or adopt any provision that would adversely affect, the exemptions provided to the Byrne Entity (or its constituent members) under Bye-law 47 or 80.

The Board recommends a vote FOR Proposal 8 which calls for the amendment of the Company's Bye-laws 48 and 81.

PROPOSAL 9

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with Section 14A of the Securities Exchange Act of 1934, we are seeking advisory shareholder approval of the compensation of the named executive officers as disclosed in the section of this proxy statement titled "Executive Compensation". You are being asked to vote on the following advisory resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed in the company's proxy statement dated April 21, 2016, pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis, compensation tables and narrative discussion, is hereby APPROVED.

The Board of Directors believes that the compensation policies and practices described in the Compensation Discussion & Analysis are effective in achieving the Company's primary goal of maximizing shareholder value over long periods of time, as well as motivating and retaining our key executives. The compensation of our named executive officers is heavily weighted toward variable long-term compensation the value of which is tied to performance over a number of years.

We urge you to read the Compensation Discussion & Analysis, beginning on page 12 of this proxy statement, as well as the 2015 summary compensation table and related compensation tables and narrative, beginning on page 20, which provide detailed information on the Company's compensation policies and practices and the compensation of our named executive officers.

Although the vote is non-binding, the Board of Directors and the Compensation Committee will review and consider the voting results when evaluating our executive compensation program.

The Board recommends a vote FOR Proposal 9 which calls for the approval of the advisory resolution on executive compensation.

OTHER MATTERS

Manner of Voting Proxies

Common shares represented by all valid proxies received will be voted in the manner specified in the proxies. Where specific choices are not indicated, the common shares represented by all valid proxies received will be voted FOR each of the proposals named earlier in this Proxy Statement.

In the case of common shares held in employee benefit plans, the trustee will typically vote all common shares within such plans in direct proportion to those common shares actually voted by plan participants.

Should any matter not described above be acted upon at the meeting, the persons named in the proxy card will vote in accordance with their judgment. The Board knows of no other matters which are to be considered at the 2016 Annual Meeting.

Votes Required for Approval

With respect to the election of directors, the nominees receiving the highest number of votes, up to the number of directors to be elected, shall be deemed elected. The other proposals require the affirmative vote of a majority of the voting power held by holders of common shares present at the 2016 Annual General Meeting, in person or by proxy, provided a quorum is present.

Inspectors of Election

Computershare Trust Company, N.A., P.O. Box 43023, Providence, Rhode Island 02940-3023, has been appointed as Inspectors of Election for the 2016 Annual Meeting.
